

Partnership & Training Fees

Training fees

Our facilitator training is currently conducted **online via Zoom** over 4 days.

This costs **£180 for the first facilitator of each new partnership**. Subsequent facilitators training from existing partnerships are able to attend for free.

Partnership fees

Introduced in December 2021, Kids Matter's partnership fees are now based on a tiered system:

Tier	Partner's annual income	Partnership fee (per month)
1	Under £150k	£10
2	Between £150k and £400k	£35
3	Over £400k	£52

This fee amount will **stay the same no matter how many facilitators belong to a partnership**.

This monthly partnership fee goes towards:

Coaching calls

- Pre, during and post-training
- Calls are tailored to the needs of the individual facilitator and their context but include things such as strategy planning, problem solving and encouragement

Connect Groups online and in-person

- Gatherings once a term of facilitators from across the country for continued learning, updates about Kids Matter programmes, encouragement and troubleshooting, building relationships with other facilitators to support and learn from others doing the same role

One supervision call per programme

- Checking in on fidelity of the material delivery

Strategy support in building community links

- Can include building links with schools, GPs, social services, social prescribers (these and others who could refer parents to your programme)

Programme materials

- Programme booklets printed and sent to you for the parents on your programme
- Marketing materials to be used to advertise the programme
- Tailored resources as needed

Support Coach visit to a group once you have run your first programme to provide ongoing feedback/training and encouragement

Face-to-face visits / Video calls (as able/required) to see Facilitator in their setting and so to be as applicable as possible with the support coaching

Workshops / Webinars on topics relevant to working with vulnerable families for ongoing learning
